Newsletter Term One Week 5

26 February 2025

Principal's Pen - Monica White

Dear Parents and Carers,

Awareness Week

This week we are participating in Awareness Week, highlighting the impact of Rare Diseases, especially those that develop during childhood. The week started with an explosion of colour and lots of enjoyment, however, there is a serious side to bringing awareness and support for those children who are living with rare diseases. Thank you to our families for your generous donations both for the Colour Fun Run and for tomorrow's Free Dress Day. We will announce how much money was raised for Hummingbird House, Queensland's only Palliative Children's Hospital, during Friday's assembly.

2025 School Priorities

For 2025 our school is focusing on four priorities to improve the teaching and learning at St Joseph's. These four priorities are:

- To ensure that the assessments for Religious Education allow the opportunity for students to demonstrate an understanding of Catholic worldview.
- Mastery of Teaching - To continue to create an expert teaching team across the school who demonstrate confidence, competence and capability, leading to improved student outcomes in Mathematics.
- To reinforce the practice of whole school language and strategies that support engagement and wellbeing and safe, supportive learning environments.
- To improve school processes that ensure ongoing and effective communication, which will help to build successful partnerships that support the needs of the school, students and families.

We have set a number of targets to work towards implementing these priorities in 2025. These targets are student focused.

- Students will have multiple opportunities through Religious Education assessments to demonstrate their understanding of the Catholic worldview that everyone is welcome and we have common ground with all people of good will.
- As measured by the MTS and PAT Math data, students will demonstrate personal growth from the baseline data (gathered 2024 and Term 1 2025) moving towards achieving or exceeding year level norms.
- Students are able to apply self-regulation skills with confidence enabling them to be engaged in their learning, as reflected in the frequency of PC records and communication with parents.
- Students' learning and emotional needs will have been catered for, due to strengthened educational relationships and parents/community engagement.

From the APRE – Laura Campbell

Greetings to our Families,

Next week is Ash Wednesday. Year Four, Year Five and Year Six will be attending Mass at 12.15pm. All families are invited to attend as well.

It marks the beginning of Lent, which lasts for six weeks. We call it Ash Wednesday because many, many Christians around the world receive a cross of ashes on their foreheads.

Ashes are a sign of sorrow and repentance, and Christians have used this sign for hundreds of years. This cross of ashes tells our friends and neighbours that we are not perfect, and that we know we are not perfect.

It also reminds us that we are followers of Jesus and that we believe God is always with us. We can be hope-filled people who encourage, inspire and support others by being optimistic and cheerful whilst acknowledging that life is difficult for so many people in our country and in our world.

May we shine out our hope for all to see.

Rare Disease Awareness Week

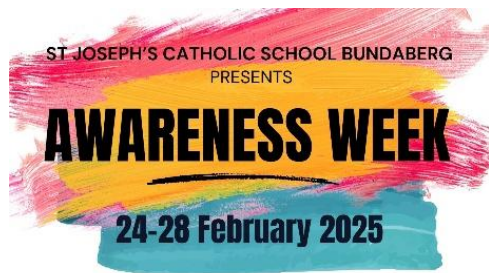

This week we continue to celebrate and raise awareness of people with rare diseases.

Sam Walsh in Year Three has been at St Joseph's with his brothers, Tommy and Eddie since he was in Prep. Today we had whole school meditation where we watched a video outlining Sam's Journey. Click on the link below to view the video.

Sam and all the students really enjoyed the Colour Fun Run on Monday and raised not only awareness but also funds to go to Hummingbird House.

Oral Language

Today, members of leadership, the learning support team and lower-school teachers have been working closely CDER's speech-language specialist with Jane Walsh. Jane is providing important information on how to support students with their oral language. The development of literacy begins through the use of spoken language. Oral language development is not simply teaching children to speak. Oral language development must focus on students' ability to communicate more effectively. Oral language involves thinking, knowledge, and skills that develop across the lifespan. Oral language provides a means to observe children as they learn to construct conceptual meanings through words. Children who are developing language appropriately will demonstrate an increasingly complex use of words in explanations, discussions and interactions.

At St Joseph's, teachers promote oral language development by **providing daily opportunities to talk, listen and interact, build personal relationships with each student, create opportunities to interact regularly on a one-to-one basis with each student, ask critical questions while**

listening to students' attempts to making meaning and support students as they develop the language and learning strategies necessary to articulate and extend their interactions in the world (Clay, M., in Crevola and Vineis, 2005).

Below are some fun examples parents can develop oral language and comprehension with their child:

Activity	
Walk and Talk	Walk around the neighbourhood discussing what you can see
Act it out	Read stories act out different things e.g. small, medium, and large
Sing it	Create or learn songs to expand your child's vocabulary
Listening games	I Spy, Simon Says, What's the Time Mr Wolf,
Kitchen conversations	Discuss the utensils needed, food you'll be eating, their colour, texture, and taste. Where does the food come from? Which foods do you like? Which do you dislike?
Going on an adventure	Draw a map of an imaginary place he/she would like to explore. Discuss the places, what will be needed e.g. supplies
Active reading	Talk about what's happening as you're reading. Stop and discuss any interesting or tricky vocabulary words. Help your child make pictures of the story in his mind. Ask your child, "What just happened here? How do you think that character feels? Have you ever felt like that? What do you think will happen next?"
Tell me about it	After a read aloud, one of the best and easiest ways to check for understanding is to ask your child to summarise. You can ask a question or two to help your child clarify her thinking or to add more detail.
Family stories	Share a favourite story about your childhood or a family story that's been passed down from generation to generation. Use vivid language and details about people, places, and things. Funny or scary will really get your child's attention!
Rhyming	Rhyme is found in poetry, songs, and many children's books and games. Most children also love to sing and recite nursery rhymes. Other examples: What rhymes with this picture? Rhyming Bingo, Rhyming Memory game

Have a happy Wednesday!

Swimming

SWIMMING STARTS THIS WEEK

It has been so hot we are excited for all students to commence swimming lessons at BSA this week.

Thursday – Year 3 and 4 starting Thursday 27th February

Friday – Prep, One and Two starting 28th February

Due to pool availability again this year all students will only have 5 lessons. Swimming for each class will only be on their allocated day.
