## From the APRE – Laura Campbell

Greetings to our Families,

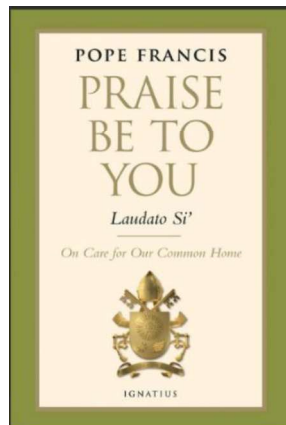

### Laudato Si'

*Laudato Si'*, which means 'praise be to you', is a letter that Pope Francis wrote in May 2015 to the global community.

In his letter, Pope Francis shared his vision about how Catholics should care for our planet.

The letter focuses on caring for all creation.

A video explaining this can be found at this [link](#).

Our Green Team will lead the Prayer Assembly this Friday and will share this video with the students. Please feel free to join us.

At St Joseph's we hope to promote the Catholic Social Teaching of Care for Our Common Home by our actions and words.

**Prayer for the Season of Creation**  
*Written by Michael McGirr*

God of all life,  
We thank you for the gift of creation,  
For the water that keeps us alive,  
For our food and shelter,  
All of which come from the generosity of Earth.

We thank you for the very air we breathe  
Which we share with every creature.  
May we take good care of Earth  
As our common home takes care of us.

May we work for justice for those  
Most hurt by damage to our environment.  
May we enjoy the beauty of nature  
And pray that it be treated with deeper respect.

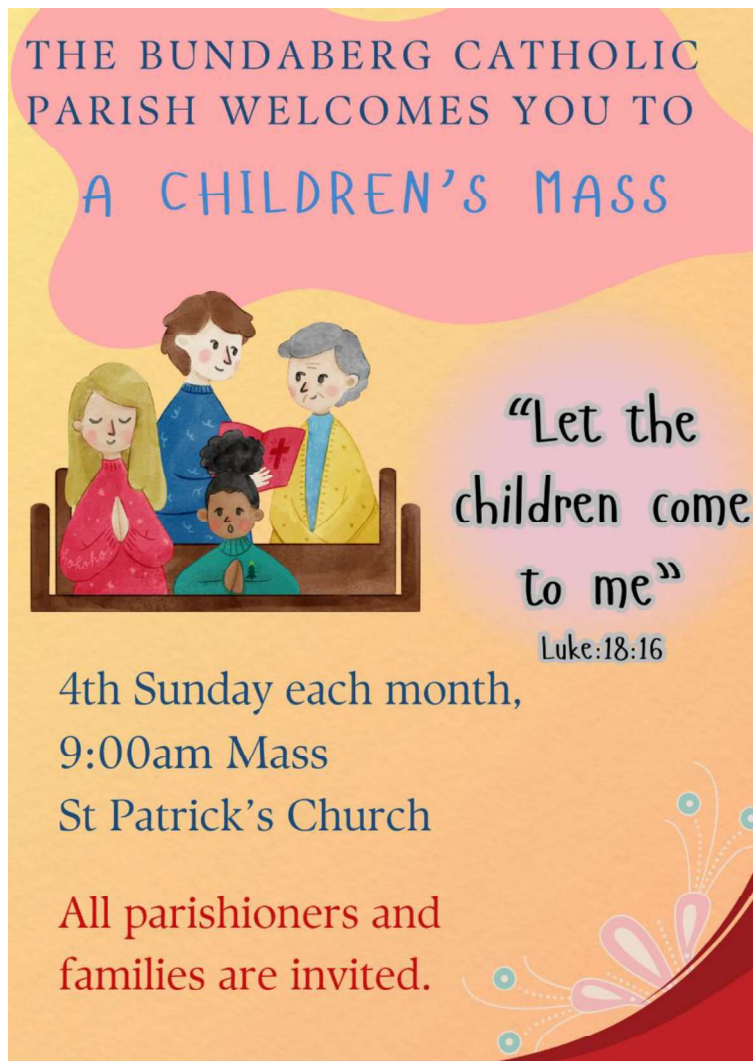

Jesus asked us to learn from the lilies of the field  
And the birds of the air.  
We ask this in his name  
Amen.

### *Embracing Inclusivity*

#### *Supporting Children with Disabilities*

At St Joseph's, we believe that every child deserves to be valued, included, and supported, regardless of ability. Disabilities come in many forms—some visible, others less obvious—but they do not define a person's worth or potential.

As parents, educators, and community members, we play a crucial role in creating an environment that nurtures inclusivity. By fostering understanding and advocating for accessibility, we empower children with disabilities to fully participate in school, friendships, and everyday life.

#### **Understanding Disabilities**

Disabilities can be physical, developmental, sensory, or neurological, and their impact varies from person to person. Some children may have conditions such as Autism, ADHD, dyslexia, or chronic illnesses that affect their daily lives in ways others may not immediately see. These invisible disabilities are just as significant as visible ones and require the same level of support and respect.

#### **The Power of Language**

The words we use matter. Terms like "disabled," "disability," and "disorder" are not negative—they are accurate and valid. Avoiding these words or replacing them with phrases like "differently abled" can unintentionally downplay the experiences of those living with disabilities. By embracing the correct terminology, we normalize conversations about disability and encourage acceptance.

#### **Creating an Inclusive Environment**

An inclusive environment means that every child feels safe, supported, valued, and empowered. Here are some ways we can work toward inclusivity:

- **Education:** Learn about different disabilities and the challenges they present. Encourage discussions at home and in the classroom.
- **Empathy:** Teach children to approach differences with curiosity and kindness, rather than assumptions or judgment.
- **Accessibility:** Support initiatives that improve accessibility in schools and community spaces.
- **Advocacy:** Stand up for equal opportunities, ensuring that children with disabilities receive the accommodations they need to thrive.

#### **Leading by Example**

Children learn inclusivity by observing the behaviours of the adults around them. By demonstrating empathy, using respectful language, and celebrating diversity, we set a powerful example for the next generation.

At St Joseph's, our mission is clear: to create a welcoming space where every child has the opportunity to succeed. Through education, advocacy, and compassion, we can build a future where inclusivity is not just an ideal but a lived reality.

Together, let's embrace the strengths, challenges, and unique perspectives of every child—because inclusivity is not just important, it's essential!

Dear School Principals:

- **Stay at home** when you are sick (including keeping sick children home from school or childcare)
- **Clean your hands** regularly and thoroughly with soap and water or use an alcohol-based hand rub.

- Practice good respiratory hygiene by:
  - coughing or sneezing into a tissue or the inside of your elbow
  - discarding used tissues immediately in a bin, and
  - cleaning your hands thoroughly.
- **Clean frequently touched surfaces** such as door handles, tapware, tabletops, remote controls, mobile devices (e.g., phones, laptops etc), benchtops and fridge doors and clean your hands after cleaning.
- **Ensure good ventilation** by opening windows and doors and spending time outside in the fresh air.

## Acute Respiratory Infections (ARIs)

Viruses that cause acute respiratory infection (ARI), including influenza (flu), COVID-19 and respiratory syncytial virus (RSV), can result in significant disruption to schools and the wider community. While the viruses are different, the strategies to prevent them are largely the same.

ARIs can spread quickly in schools where large numbers of students learn and play in close contact with each other. Preventing ARIs is a joint effort and parents, caregivers, and staff need to work together and take the necessary precautions to stop ARIs from circulating. ARIs can cause serious illness and complications in otherwise healthy people.

At St Joseph's Catholic Primary  
School Bundaberg, we  
acknowledge The Taribelang-  
Bunda, Gooreng Gooreng, Gurang  
and The Bailai Peoples as the  
Traditional Custodians of the Lands  
upon which we meet.

We pay our respects to the Elders  
of the past, present and emerging  
and acknowledge their spiritual  
connection to Country.

For we too are one in Land, one in  
spirit, one in faith united in God's  
love.
